loved by Susan Orr.

## **From the President**

It is hard to believe that 2010 is almost over.

There were a lot of activities held during the year, including successful national and floating specialties, boosters, as well as regional fun days and other events. Although entries are generally down in the conformation and obedience rings, interest in agility and rally seems to be increasing.

I believe 2011 will be an important year for us, as breeders and competitors, with the changes we are facing in anti-breeding and breed specific legislation, and the move against docking tails and removing dew claws. The future of our Airedales as we know them will depend on involvement by each and everyone of us. We will also be challenged financially as Club costs and the cost of putting on specialties continues to increase. So we will be looking for ways and means to increase our membership base and come up with some innovative fund raising ideas.

There are lots of activities planned already in many areas for 2011 and I hope many of you have an opportunity to participate in them.

I hope everyone has a wonderful and safe holiday season!

Best wishes,

*Helen Arnold*

**WINSEA AIREDALES**

Hi Everyone:

Well, as our President says, it is hard to believe that 2010 is almost gone and 2011 is upon us. For me it has been a very exciting year, what with finishing 'Am. Ch. Reydaleterrydale Invincible's' Canadian Championship and purchasing two new puppies; 'Bryndale's Hot Tamili at Tappenaire', and 'Joval's Charli Angel at Tappenaire'.

Congratulations to all those who did so well at the shows last year.

We hope to see many of you next year at the shows in British Columbia and Alberta.

From all of us here at Tappenaire Airedales,

**We wish everyone a Very Merry Christmas and a Happy New Year.**

**Feliz Navidad**

**Joyeaux Noel et Bonne Heureuse Annee**

**Happy Chunakkah**

**Larry and Jacqui Hayes**

**and our crew of Airedales.**

**Shania, Peggy, Vince, Tommi, and Charli.**

**TAPPENAIRE AIREDALES**

## AIRECANADA RESCUE

Maureen Scott

Another Buddy. . .and another happy rescue ending!

Buddy is a four-year-old Airedale who was surrendered to AireCanada Rescue because his elderly owners could no longer keep him. They were moving to smaller accommodation where large dogs were not permitted and were broken-hearted to be obliged to part with Buddy.

A big boy, Buddy was beautifully socialized and had clearly been much beloved, not only by his owners, but by the entire extended family. Buddy was well-fed and had had wonderful care. He had attended daycare from time to time to play with the other dogs and was constantly at the groomer's for baths and trims.

Buddy came with a deadline. He had to have a new home by the end of the month because that was moving day for his guardians.

After AireCanada assessed Buddy and signed him into our care, we searched through our applications, looking for exactly the perfect home for this very nice boy.

Bingo! There is was! A family in the interior of BC who already had one of our rescues was hoping for a male. They live on a hobby farm with goats, horses, pigs and chickens and have two dog-adoring teens, one of whom made the previous rescuegirl her 4-H project – training her in obedience skills. One of the family works from home. The applicants' elderly male Airedale was fading fast and a new male was wanted very, very much.

A few phone calls and some photos sent by email had the applicants happily agreeing to adopt Buddy. Buddy's owners, when told the family's circumstances, were pleased for him.

On a September day, Buddy drove with an AireCanada volunteer to meet his new family. The family was delighted with Buddy who seemed very happy as well. Papers were signed and the deal was done.

We understand that it took Buddy several days to accustom himself to his change in circumstance but he soon adopted the teenage son as "his" boy, began to play with his rescued "sister" and discovered how much fun it was to chase the chickens!

Both families offered generous donations to AireCanada to help our group continue with our work.

If you need help finding a home for an Airedale or, if you know of someone who cannot keep their Airedale, please contact us. Our website, [www.airecanada.com](http://www.airecanada.com), lists contact information for each province in Canada.

Happy holidays and good wishes for the New Year from everyone at AireCanada!

It was wonderful to see so many beautiful Airedales turned out in their show coats. The club presented each participant with a treat pack and the winner of the BB Can. Ch. Indus Curteis Point received a huge gift bag of lovely airedale themed gifts for Best of Winners and Best Puppy.

The show at Tradex was a very busy one for Indus as we had two littermates entered in each show. My two pups were just 8 months old and a third littermate also was shown. The first day Indus Curteis Point received a Group 3 and Best Terrier Puppy and finished his Canadian Championship to place him as #5 Airedale in Canada. Indus Sidney By the Sea got 4 points towards her championship but could not get by Curteis who won the breed at all 5 shows.

We attended a dinner for Airedale Lovers and helped raise \$685 for AireCanada Airedale Rescue with a hugely successful silent auction and raffle of Dale Cottage by Anne Curan. Great fun, great people, and a good result for rescue.

We are currently waiting for Can.Ch. Indus Ready or Not (sire Can. Ch. Indus Tallyman and dam AM Ch. Terrydale No Doubt) to come into season and she will be bred this fall.

There will be an Airedale Booster at the Vancouver Island Dog Fanciers show in Victoria BC on May 28. Hopefully we will get an entry from some of the lovely dogs shown at Tradex. We were very lucky to get Judge Barbara Watt (wire fox breeder) to judge our booster. We would love to have some of you join us for some real west coast hospitality.

## ALBERTA REPORT

The Alberta Report contains the report on the National Specialty held this past July, 2010 as well as some more current updates. I do apologize as I inadvertently missed putting in the Specialty Results in the last issue..so here it is.

### 2010 National Specialty

By Pam Sheane, BREA AIREDALES

The Airedale Terrier Club of Canada's National Specialty was held in July in Calgary. It was a great weekend for a National Specialty. The weather co-operated , with no big winds, hail storms, tornados or tents in lakes!

Although we didn't have a huge entry, it was a good one. A lot of old friends and new attended: Judy Howell (Monterra) - Montana, Rhae Drijber (Fyrebrick) - Nebraska, Carol Robson (Shawndee) and Linda Smith – Manitoba, Pam Sheane (Brea) - Alberta and Jacqui Hayes (Tappenaire), BC. Andrea Easton (Cooleamber), Saskatchewan, supported our show and was here to enjoy the dogs and camaraderie. On the performance side, Yvan Mongeon and Louise Chady (Nightsun) arrived from Edmonton. Heather Faulkner from Saskatchewan and Peggy McCallum, Edmonton, were here for obedience, agility and rally. It was so great to see everyone again.

We started the day with Puppy Sweeps in which we had an entry of 6 bitches and which was judged by Raymond Yurick. Raymond awarded Ch. Shawndee Morgan Le Fay, owned and bred by Carol Robson with Best In Sweeps.

Then on to the main event with Sue Ellen Rempel doing a great job of putting the Airedales and handlers though their paces. Winners Bitch and Best Bred By was awarded to Brea's Turn Back Time, owned and bred by Pam Sheane. Brea's Jenny's Gotta Dance got the nod for Reserve Winners Bitch and Best Puppy, also owned and bred by Pam. Ch. Shawndee Morgan Le Fay was additionally bestowed with Best of Opposite Sex and Best Canadian Bred. Top honours for Best of Breed was presented to Am. Can. Ch. Monterra On A Roll, owned and bred by Judy Howell.

Heather Faulkner and Chaser, Ch & OTCH. Nightsun Chasing The Dream, RAE,DD,AGIS,AGIJS,WCI were honoured for all the hard work and dedication they have put in. They have definitely proved that an Airedales is more than just a pretty face!

We had 2 entries in obedience with Nightsun Rising Star CD RE AGNJS and Ch & OTCH. Nightsun Chasing The Dream, RAE,DD,AGIS,AGIJS,WCI, both owned by Heather and bred by Yvan Mongeon and Louise Chady. Regrettably both were a little off their game, so no qualifying scores. But all was not lost as they both did very well in Rally with scores of 94, 97, and 99 out of 100. We also had Heather Faulkner had her two entered in Rally, as did Peggy McCallum from Edmonton.

Our BBQ was held at the home of Helen Arnold who, as always, put on a fabulous spread. The evening was filled with good food and good cheer! The silent auction was a huge success with many fantastic items to bid on.

We would to thank all competitors who came from near and far for supporting the show and making it the success it was. As with any special event, there are many people to be thanked for their support. We would especially like to thank Purina for sponsoring our Specialty. They provided our wonderful competitor bags as well as lots of great prizes. And a big thank you to all our volunteers - we couldn't have done it without you!

Night Sun Rising Star – 23 points

Ch OTCH Night Sun Chasing the Dream – 8 points

*Rally:*

Night Sun Rising Star – 82 points

Ch Traymar's Miss Chievious – 57

Monterra Regan – 53

Andrea Easton, Cooleamber Airedales

As many of you know, I have been compiling an airedale calendar from owner's candid shots for many years. The 2011 Airedale Calendar is now ready and I have a few copies left. You may view the pictures on our website at [www.cooleamber.ca](http://www.cooleamber.ca) and can contact me to order them at [cooleamber@yourlink.ca](mailto:cooleamber@yourlink.ca).

## ONTARIO REPORT

### 2010 Floating Specialty

*By Helen Arnold*

The Airedale Terrier Club of Floating Specialty was held in conjunction with the Terrier Breeders Specialty and the Kitchener-Waterloo show last May.

The entry wasn't large, but there was a nice selection of dogs shown. All of the dogs were beautifully turned out throughout the weekend. The Terrier Breeders show, judged by Peter Green, started the weekend off on Saturday morning. Best of Opposite, Best of Winners went to Winners Dog, Pringedale's Highlight Harley, bred and owned by G. Miron, Y. Legault, J. Clark, and A. Brinker, with Reserve Winners Dog going to Ingle Valley Grandeur Infinity, bred and owned by Marian Murray. Winner's Bitch was awarded to Traymar's Don't Ya Know, Bred and owned by Margo Dupre, Daniel Dupre and Corally Burmaster. The Breed was won by, owned and bred by Margaret Saltzman.

The Specialty followed on Sunday, with Bill Ashburn judging the Sweepstakes and Sue Goldberg judging the Specialty classes. Best in Sweeps was awarded to Traymar's The Devil Eats Prada, owned by Debbie Adkinson & Margo Dupre. Best Opposite in Sweeps went to Ingle Valley Grandeur Infinity.

In the Specialty classes, Winners dog went to Ingle Valley Grandeur Infinity. Best of Winners and Winner's Bitch was awarded to Traymar's Don't Ya Know. The Breed went to new champion, Pringedale's Highlight Harley, with Best Opposite going to Ch Excelente V Hugadale.

A lot of work went into setting up for the Specialty. The trophy table looked terrific.

We also had our ATCC Annual Meeting. There was a great turn out for the meeting and provided a chance for me, as incoming President, to meet some of the Ontario members I wasn't familiar with. The lunch following the meeting was a great success, with lots of food and an opportunity to visit.

Thanks to all the volunteers who helped put on the Floating Specialty, and to the many members who came to support the event as spectators.

more from Ontario

Peter Phillips MAGWITCH AIREDALES

Not a lot going on in Ontario recently .The fall grooming session is in full swing around here .People are bringing their Airedales to me to get them groomed before winter sets in and they have a decent coat in time for the really cold stuff in January and February .At that time of year I'm lucky to get one or two a month .I did 6 this last weekend alone .My experience with Airedales and winter is that they could care less about how much coat they have in winter .Too busy to care .Most people though feel a need for them to have a good length of coat for winter .

2. We have a cable TV channel in Southern Ontario called CMT or Country Music Television .This fall they have had a program called Pick A Puppy .A crew follows a potential puppy buyer to three breeders of three different breeds and at the end of the program they reveal the winning breed .At the end of October an Airedale was one of the breeds represented as well as a Wheaten and a Westie .Everyone oohs and ahhs as each breeder brings out the pups .

Pat Neil of Aerie was the Airedale breeder chosen for this episode .Pat did us proud as she was interviewed and showed her pup to the buyers ,she looked good and handled herself very well .The pup though peed on one of the buyers .Leave it to an Airedale .

No harm done though as the Airedale was the chosen pup in the end .Her name was Whiskey after a country song about a girl named Whiskey .Good job Pat !

If there was more going on no one told me .

Peter

# QUEBEC REPORT

Ginette Miron PRINCE DALE AIREDALES

**Reproduction** by Barb Robinson  
Based on the Myra Savant Harris book "Canine Reproduction & Whelping: A Dog breeder's Guide"

**ACROSS:**

- Oxytocin is the hormone responsible for \_\_\_\_\_ and milk ejection during breast-feeding (hyperated).
- \_\_\_\_\_ is a good source of calcium and glucose.
- Keep \_\_\_\_\_ on hand during whelping. It keeps the bitch's energy level high.
- Even maiden bitches know what is happening when whelping starts. This is due to \_\_\_\_\_.
- When a breeder adds extra calcium to a bitch's diet, the ability of oxytocin is also \_\_\_\_\_.
- About a week before whelping bitches may \_\_\_\_\_ and nest.
- When extra calcium is needed it is drawn from the \_\_\_\_\_.
- Oxytocin cannot be used to \_\_\_\_\_ labour in the canine.
- Recent studies have suggested that the use of oxytocin as a clean out shot (after whelping) will help prevent \_\_\_\_\_.

**DOWN:**

- works with calcium to create contractions.
- The release of calcium is regulated by the \_\_\_\_\_.
- Breeders who are \_\_\_\_\_ their pregnant bitches diet daily with calcium cause the parathyroid gland to quit functioning.
- The purpose of \_\_\_\_\_ is to give strength and intensity to a contraction.
- Oxytocin determines the frequency & duration of uterine \_\_\_\_\_.
- Oxytocin is released naturally from the mother's \_\_\_\_\_ gland.

## Tuna Fudge Dog Training Treats

This is a wonderful training treat for dogs. It has the consistency of fudge so you can break off different sized pieces and the dogs can eat them quickly, without a mess. It's also 'smelly' so your dog can anticipate the treat. I sometimes substitute one can of tuna with salmon, and might use grated cheddar instead of parmesan.

### Ingredients:

- 2 cans tuna with water (do not drain)
- 1 tablespoon garlic powder (or fresh pressed as desired)
- 2 eggs, lightly beaten
- ¼ cup parmesan cheese
- 1 ½ cups whole wheat flour

- 1 Preheat oven to 300 degrees.
- 2 Mix first four ingredients together
- 3 Add flour until you can form a ball. (You might require a bit more than 1 ½ cups)
- 4 On a GREASED or very non-stick pan, place the ball of dough and press out until about half inch thick.
- 5 Bake at 300 degrees for approx. 30 minutes
- 6 Cool and cut into pieces (I use scissors to cut into strips or cubes).
- 7 Place in baggies and store in fridge or freezer.

## LITTERS AND EXPECTATIONS

Debbie Adkinson is happy to announce a wonderful litter out of

Dam: Ch. Traymar's Miss Chievous CD RAE aka 'Lily'

Sire: Ch. Terrydale Int'l Affair aka 'Felix'

DOB: Oct. 15, 2010 3 girls and 3 boys.

Breeder/owners: Debbie Adkinson, Margo Dupre, Maripi Wooldridge, M. Stander & E. Zaphiris.

Rona Toth of Airantics Airedales will be seeing a wonderful litter out of

Dam: Can. Ch. Amberglen Corona aka 'Corona'

Sire: Can. Ch. Copperfields Lion Heart aka 'Charlie'

expected arrival date is the end of January or early February.

## The Rainbow Bridge

Ch. A Krackerjack Glory V Hugadale, sired by Int'l & Am. Ch. Terrydale's Int'l Affair ex Am. & Can. Ch. Oakrun Beyond Myth V Hugadale crossed the Rainbow Bridge on Sept. 7, 2010.

Ch. Skydale Santer Rookie, sired by Ch. Fairewood Festive Tiger, ex Stoneridge Symbol of Skydale, crossed the Rainbow Bridge in November 2010.

Kahlan & Kabotine  
Brace at Montgomery  
Breeder/owner: Louise and Johanne Lambert

### Canadians at Montgomery

We had a great contingent of Canadian Airedales over the Montgomery 2010 weekend.

On Montgomery day, Carol Robson from Winnipeg started out with her bitch, Shawndee Morgan LeFay winning her 15-18 month sweepstakes class.

Ginette Miron & Yvan Legault's boy, Princedale's Highlight Harley was second in his Open Dog class and went on to win Reserve Winners Dog.

Shawndee Morgan LeFay won her 12-18 month class and also went on to go Reserve Winners Bitch. Following the show, Morgan was awarded Winners Bitch, as there were registration issues with the original winner.

In the Best of Breed class, Margaret Saltzmann's bitch, Excelent V Hugadale made the last cut and looked very impressive.

One of the highlights though, was seeing the Lambert's brace from Quebec in the Best in Show ring. They were first in the ring and put on a great show. Kudos to them - it is not easy to show a brace anywhere, let alone at Montgomery!

Congratulations to all of our Canadians who competed and did us proud.

K-W Floating Specialty Pictures May 2010

**Sat. May 22, 2010:**

**BOS: Judge Alan Brown K-W All Breed Show**

Annie Kahn O'Neill is pleased to announce that 'Duffy' is now Int'l Ch. Merjen's MacDuff. He gained that title at Gananoque, Ontario under 4 different Judges and achieved a V 1 Rating from all 4 judges. Annie thanks Pam Bruce who was one of the Judges.

Duffy is out of Ch. A Krackerjack V Hugadale ex Ch. Oakrun's Chickadee of Paradym.

Debbie Adkinson with Prada...Prada won the Sweeps at the K-W Show

Ch. Traymar's Miss Chievous is #1 Airedale in obedience 2009.

*"Lify"*

*AM/CDN Ch Traymar's Miss Chievous CGN CDX RE*

**MBIS BISS MBPIS Ch. Regalridge Sound Investment - "Logan ".**

Logan has continued success again this year, he is currently the # 1 Airedale and # 4 Terrier (Canuck systems Nov 15'10) in Canada for 2010. We are practically thrilled, as all his wins were Owner Handled. Logan continues to enjoy the Ring, and the attention.

When not at a show, he races around the yard with our other two dale's, and lives in hope the local squirrels, will someday slip of the fence or the trees.

Thank you

Dawn & Jim Tufts

When it's time to go for a walk.... It's always important to take 5 minutes to 'stretch' properly before you get going

Pat Morris

By Maureen - BC

In conjunction with the Lower Mainland Dog Show, held last week in Abbotsford, breeder Joanne Helm with some assistance from AireCanada Treasurer Jim, organized a dinner for Airedale lovers. In attendance were breeders, AireCanada rescue workers and people who simply love Airedales. Everyone had a wonderful time as you can see from the photos below!

Total proceeds donated to AireCanada through the raffle and silent auction were a whopping \$685! This sum will go a long way towards helping rescued Airedale Terriers not only in BC but across Canada. Many, many thanks to those who provided items to be raffled or auctioned as well as to all those in attendance who bid so generously. We hope that AireDinners like this one will become a tradition here in BC each fall when the annual dog show is held. It was way too much fun not to repeat. See you next October!

The above are just a few of the many wonderful articles donated to the silent auction.

Nice win for Indus Kennels at the BC All Terrier Specialty Show held in conjunction with the LMDF Dog Show held at the Tradex in Abbotsford, BC.

## Holiday Hazards

Thank you to Dr Sharon Brandt, who originally posted this info, to be shared, during the Holiday Season.

As the holiday season approaches, life for your pets, can get pretty hazardous. New plants/trees are brought into the home, packages containing all kinds of interesting things are delivered, candies and other goodies abound, and owners are distracted by all the activity. I've compiled a list of some of the more common hazards of the holiday season, based on calls we get at the National Animal Poison Control Center. Remember that, in most cases, the severity of the problem caused by these products will depend on the amount ingested and the size and age of the dog. When in doubt, call your veterinarian for further information.

Plants: Christmas trees (firs, cedars, pines): contain volatile oils that can cause vomiting and diarrhea; needles can cause irritation to the mouth and stomach.

Christmas tree preservatives: most contain sugar and fertilizer-the sugar will attract the dog and the fertilizer can cause vomiting.

Decorative holly: can cause severe vomiting, diarrhea and central nervous system depression.

-  
Mistletoe: depending on the variety, the signs can range from vomiting and diarrhea to heart arrhythmias, difficult breathing, seizures, or coma.

Poinsettia: rumors of its toxicity have been somewhat exaggerated. It can cause vomiting and diarrhea, but rarely causes severe problems.

Amaryllis and Christmas cactus: can both cause severe depression, abdominal pain, vomitin and diarrhea if ingested.

Household Items:

Batteries: if bitten into, the corrosive fluid can cause severe ulcers in the mouth, esophagus and stomach. Intact batteries pose a foreign body hazard in the GI tract.

Christmas decorations: most are foreign body hazards rather than true toxicities. EXCEPTION: ornaments made from homemade play dough can contain high levels of salt. The NAPCC has had several recent cases where dogs eating homemade play dough have died of salt poisoning.

Potpourri/potpourri oil: can cause severe burns to the mouth and esophagus. The essential oils can affect the nervous system, causing weakness, uncoordination, and hypotension.

Christmas gifts: perfumes and after-shaves generally contain fairly high levels of alcohol, which can be dangerous to dogs. Be sure to put up any gifts that you suspect may contain food items such as chocolates, coffee, or macadamia nuts.

Foods:

Chocolate: dark chocolates, cocoa and chocolate chips are more dangerous than milk chocolate, but even milk chocolate can be deadly in large enough quantities. Chocolate intoxication can result in hyperactivity, seizures, vomiting, diarrhea, and life-threatening heart arrhythmias. The high amounts of fat in most chocolate items can precipitate a bout of pancreatitis in susceptible animals.

Bread dough: yeast from homemade bread produce alcohol-ingestion of raw yeast dough can result in serious alcohol intoxication. Additionally, there is a risk of bloat and gastrointestinal obstruction from the dough as it rises in the stomach.

Coffee and espresso: caffeine is a no-no for dogs, as it acts as a stimulant and can cause severe heart acceleration and seizures.

Macadamia nuts: can cause increased body temperature, muscle stiffness, increased heart rate and tremors.

Alcohol: serious intoxication's have occurred when dogs have been given alcohol to drink as a "joke". Also, dogs seem to be attracted to alcoholic drinks, so drinks should not be left unattended.

*This list is by no means all-inclusive, but hopefully it will help you make your home a safer place during the holidays.*
