Message from the President  
September 2011

It has been a busy spring and summer for the ATCC. The show season for the Club kicked off with the National Specialty and a Booster held at the Kitchener-Waterloo Show on the May long weekend. A Floating Specialty was also held in Calgary on the August long weekend. In addition, three new Boosters were held this year, two on Vancouver Island in May and August, organized by Joanne Helm, and one at the Long Sault show in conjunction with the Rideau Terrier Specialty, organized by Margaret Saltzman. Thanks to all of you and your volunteers for making these events a success.

The Club raised \$350.00 for AireCanada through its membership drive earlier in the year. Following the Floating Specialty, a 'cheque' was presented to Glenda Geisler, who represented AireCanada at our annual barbeque in Calgary.

For me personally, this has been an incredible summer. Firstly, I retired from a very stressful, busy job in June. I seem to be as busy as ever, but have had the opportunity to attend a lot more shows than usual. I have been very successful with my young bitch, Star. What started out as finishing her Canadian championship for her owners, led to a few group placements and culminated in winning a Best in Show at the MCA show in Winnipeg. We have such a strong Terrier Group in the West that it is difficult to even place in the Group, so to win BIS with so many good terriers and top dogs competing, was thrilling.

As the summer shows wind down, many of us are getting ready to make the trek to Montgomery in early October. Coming from the West, I usually see more of my fellow Canadian Club members at Montgomery than I do at shows in Canada. I look forward to renewing friendships at that event.

Hi Everyone:

I hope each and everyone has had a wonderful summer and beginning of fall 2011. Our summer at Tappenaire was very exciting. We finished Charli's (aka: Ch. Joval's Charli Angel at Tappenaire) championship. We had several group placements in the process. We have almost finished our Tommi's (aka: Bryndale's Hot Tamali at Tappenaire) championship...only 2 points to go and she will be finished.

Without further ado I will get on with the newsletter.

Happy Thanksgiving to all.

**Report from the Prairies:**

I am off to Montgomery on Sunday and really looking forward to seeing more than one Airedale at a show!! How's that for news!

I also finished Am. Can. Ch. Airecot's Shawndee Warrior with four majors in a row - and Hunter was only 14 months old - BOW at the Twin Cities Airedale Specialty (Minneapolis in August) Hunter was bred by Catherine Hoyt (Am. Can. Ch Bryndale Justice at Shawndee x Ch Winsea's Defy Gravity).

Also finishing at same shows with 4 majors was Am. Ch. Shawndee Witch's Kiss (11 mos. of age), co-owned with Ernie & Denise Tannehill of Oklahoma and the same weekend finished Am. Can. Ch. Shawndee's Morgan le Fay. At Twin Cities show we had a great day with BOW, WB and RBW. We went to Balgonie Show in Sask. after Morgan got home and she won a Gr. 2, 3 & 4.

Hunter sired two litters for me (one out of Am. Can. Ch Shawndee Winter Willow) -2 boys and 1 girl. I am keeping the girl, and have named her Shawndee Summer Surprise. The second litter is out of Ch. Shawndee Life of the Party (Paris).

## **Report from Ontario.**

This year the Airedale Terrier was honored as the Breed of Distinction at the Rideau Terrier Specialty being held at the Stormont, Dundas & Glengarry shows in Long Sault, Ontario on Saturday, August 27, 2011 and by invitation the Airedale Terrier Club of Canada hosted its fall booster in conjunction with this show.

This year's booster also had the honor of offering Prize Money which was generously donated by the following breeders:

Best of Breed Margaret Saltzmann Hugadale

BOS Ann Kahn Merjen

BW Ginette Miron & Yvon Legault Princedale

WB Elaine & Saul Zemaitis Skycroft

WD Marion Murray Ingle Valley

Best Puppy Anna & Bruce Mason Murrayvale

In special honor of Henk Bennink, John and Ellie Voortman donated the prize money for Best Bred By Exhibitor Dog and Bitch.

Judge Roberto Velez -Pico awarded the Ribbons, Medallions and Prize Money to the following:

Best of Breed and a Group 4th was won by Ch Westchester Hill Boy, Bred and owned by Jan Arsenault & Bill Ashburn

Best of Opposite Sex was won by Ch Kalua Dabsquoui Kabotine, Bred and owned by Louise & Johanne Lambert

Best of Winners and Winners Dog was won by Quantum's Riverport Advocate, bred by B. Stephanie Lingelback & Barbara Brown and owned by Corinna Yannoulopoulos.

Winners Bitch and Bred By was won by Ingle Valley Kiss Face D'Lish, Bred and owned by Marian Murray

There were no entries for Puppy or Bred By Dog

The weather was hot yet the dogs showed beautifully. The Airedale was well represented as the Breed of Distinction.

The Rideau Terrier Club hosted a luncheon and all exhibitors were welcome to come and feast before taking the next challenge in the ring that day.

All in all it was a great show with 1,300 all breed dogs in the rings that day.

A special thank you to Anna and Bruce Mason for making sure all the Prize Money was at ringside to be presented as designated to the winners and to our Trophy Chair Sheila Adkinson for making sure all the Medallions were delivered on time for presentation to the winners at the booster.

Congratulations once again to all the exhibitors for participating and showing the world just how beautiful and wonderful an AIREDALE is.

Margaret Saltzmann

Booster Co-ordinator

## Report from Quebec

Ginette Miron

Here are two pictures of Ch. Kalua Dabsquoui Kabotine; she is the proud daughter of Am.Can.Ch. Penaire Star Struck At Woodcrest and of Ch. Kalua Dabsquoui Isabeau. She was born on August 18, 2008. She is shown winning the ATCC Specialty 2011 and a Group 3rd at the Stormont, Dundas, & Glengarry Dog Show. She also took the Best of Opposite Sex at the ATCC Booster that same weekend. She is now ranked #6 in Canada for our Breed.

This is a picture of ``Kana Haus Peppermint Patty`` who obtain her Can.Ch. this summer in Trois-Rivieres. Pepper won a first in Group three times and a BB at the RTC Specialty . She is a daughter of Can.Ch.Kana Haus Goodspice Goody and Am.Ch.Evermay Timberwyck High Roller. P.S: This is from Kana`s Kennel

The following are the first in a series of interviews with judges by Ginette Miron.

### **MEET THE JUDGE:**

#### **Interview #1:**

##### **Name:**

Raymond Lariviere

##### **What City and Province are you from:**

Ingersoll Ontario (30 km) east of London Ontario. My wife and I are originally from Sudbury Ontario

##### **What Breeds have you bred or shown:**

I have owned Dobermans, Whippets, Pomeranians, and currently have a Pembroke Welsh Corgi and Norwich Terriers which have all finished their Canadian Championship, some attaining their American Championship.

I have also owned Airedales which I obtained from Lotus Tutton, (Fairwood) with limited breeding.

##### **When did you start judging:**

I started judging in 2007

##### **What group did you start judging and at what point did you add Group 4/Airedales:**

My first group was Terriers.

When I completed my Terrier permit I was honoured to be asked to judged the Airedale National in Kitchener in May 2009

##### **Have you ever placed an Airedale in the Group or Best in show:**

Since 2007 I have not have not seen many Airedales in the terrier group and until my assignment at the Ottawa Kennel club in May 2011 have never given an Airedale a placing in the group.

##### **What do you like about today's Airedales:**

That's a tough question, as I said; I have not seen many Airedales in my judging assignments. Those that I have seen, up to my assignment in Ottawa, were not the type of Airedale that I liked.

##### **Please compare the Airedales you've judged in Canada, in other countries:**

I have only judged in Canada so I am unable to provide an opinion from a judge's perspective on the Airedales in Canada, to say, the United States.

##### **When you are looking at a line-up of Airedales for the first time, what catches your eye, or what is your first impression:**

Airedales are the **King of Terriers**. I want to be captivated by their presence. They should have an air to them, saying, that this is my ring and you better be looking at me. If there is more than one Airedale in the class, I want them up on their toes with full awareness of the other dogs in the ring. I don't want to see full out aggression as an Airedale should never start a fight but should show that they won't back down.

##### **What is the most important factor, for you, when looking at an Airedale in the Show Ring (movement, expression, confirmation...):**

As previously mentioned, my first impression should be an Airedale with presence. Airedales were also bred with a purpose and if they are unable to move in the Show Ring then they will not be able to do the work that they were initially intended to perform. Thus, the most important factor is an overall balance as I want an Airedale who shows presence with an air of confidence but also is able to show he can perform his tasks as intended with his movement.

Raymond Lariviere

## **MEET THE JUDGE:**

### **Interview #2**

**Name:**

Sandra Anderson

**What city and Province are you from:**

Brockville , Ontario

**What breed have you bred or shown:**

I have bred and owned Sealyham Terriers, Lakeland Terriers, Weirmaraners, Scottish Terriers. I have owned a beagle, 2 Scottish Deerhounds, an Irish Setter a Wirehaired Fox Terrier and a Miniature Poodle.

**When did you start judging:**

1989.

**What Group did you start with and at what point did you add Group 4/Airedales:**

I started with Terriers and then Airedales in 1991

**Have you ever placed an Airedale in the Group or Best in Show:**

Yes.

**What do you like about today's Airedales:**

I like their size, presence, their expression and their command of the surroundings

**Please compare the Airedales you've judged (in USA, in Canada, and other countries ):**

I have to compare the Airedale to the breed standard of the country in which they are judged. I think the lack of sparing the dogs (just letting them look at each other) in Canada could prevent the judge from seeing all of what the Airedale can be on the day. However the Airedale in Canada is very competitive when shown outside Canada

**When you are looking at a line-up of Airedales for the first time, what catches your eye, in other words, what is your first impression:**

It is the outline and how the dogs look as far as the mental picture that I have of this breed.

**What is most important for you to see when looking at an Airedales in a Show ring:**

I try to find out where the breed is weak and reward the exhibits that are strong in those areas

Sandra Anderson

## Poor Old Girl...

---

Recently, AireCanada BC accepted Hailey into rescue. Hailey is ten years old. She is a fairly large girl and looks much like our own Ms Pix who is now playing on the other side of the Rainbow Bridge. She was taken to a vet in eastern BC to be euthanized for being too much bother. The bother? Well, Hailey's afraid of thunder, has a minor heart murmur and, reportedly, some arthritis. She had become expendable due to these issues.

By some magic woven by the vet, she ended up with AireCanada instead of on the wrong side of the Rainbow Bridge. The vet concluded Hailey would likely be happier in a "thunderless" environment (his term) and so requested that we move her when possible to the west coast where thunder storms occur only rarely. One of our volunteers drove a 500 mile round trip from his vacation home to pick her up. He and his wife brought her back to the Vancouver area and offered to foster her. These kind people already had provided a forever home to AireCanada rescue girl Skeena -- a little Airedale pup who was starved nearly to death when her original owner lost his job and could not afford to feed her.

Hailey is a sweetheart. When she came for dinner at our house one evening along with her foster parents and foster sister, she was beautifully behaved. Our Airedale, Murphee, thought his beloved Pixie had returned and fell flat out in love with her. She even tolerated silly little puppy Daisy's antics. However, we could see that something was wrong. Hailey was walking oddly and appeared to be in considerable pain.

A trip to the vet the next day clarified the cause: poor Hailey has a partially blown cruciate ligament! The AireCanada vet speculates that this occurred some time ago and must be hurting her dreadfully.

So, at the moment, Hailey is in long term foster care with AireCanada while we attempt to treat her cruciate problem. She is not adoptable until we can be assured she is comfortable. She will cost us a few dollars along the way . . . . Fortunately, among Hailey's angels is our compassionate veterinarian, Dr. Pawel Cichon, who is offering Hailey laser therapy at no charge in hopes this will help heal and stabilize the damaged cruciate and Jacqueline at AquaPaws water therapy centre who is helping Hailey as well by providing hydrotherapy without cost . Her foster parents, Richard & Tammy Blackwell, number among those angels, too. Aside from driving most of a day to transport Hailey into rescue, they are providing food, supplements and a great deal of energy towards improving her health.

This is the way rescue can sometimes work -- a dog ends up in rescue's care and requires special treatment. AireCanada volunteers and associates (the "angels") often supply what they can to help these rescued Airedales but, often, an infusion of cold, hard cash is also required. Hailey represents only one such example from among many that AireCanada deals with each year. And this brings me to ATCC's exceedingly generous donation of \$350 which we received recently. We are very, very grateful to each of you who contributed to help rescued Airedales in need. Every penny of your donation will be used to supply medical care or other necessary services to Canadian Airedales who find themselves homeless and in need. Thank you so much from Hailey and those like her who have been helped or will be helped by your generosity.

Maureen Scott, AireCanada
